MEMBERSHIP INFORMATION FOR THE 2011 MILLION DOLLAR ROUND TABLE

1. PRODUCTION REQUIREMENT

Membership in the 2011 Round Table will be based on a minimum of USD 87,900 of eligible commissions paid or USD 175,800 eligible paid premium credited to the agent's account. A minimum of USD 43,950 of commission or USD 87,900 of premium (50 percent of the requirement) must come from products listed in the Unlimited Credit category before an applicant can use any credit from policies listed under the Limited Credit category. (See Item 4) This serves as a threshold that must be crossed before an applicant can use any credit from the Limited Credit category.

The 2011 production requirements for applicants outside the United States are expressed in local currency. All commission and premium credit reported must be converted to U.S. dollars using the MDRT conversion/standardization factor when applying for membership. Country production requirements and conversion/standardization factors are located at the end of this document.

Please note: Applicants must choose to apply using only commission/fee credit or only premium credit. Only one form of credit will be accepted.

Clarification of Unlimited and Limited Credit

- At least one-half (50 percent) of the **production requirement** must come from products listed in the Unlimited Credit category. (See Item 4, Page 5)
- This serves as a threshold that must be crossed before an applicant can use any credit from the Limited Credit category.
- Once crossing the threshold, applicants may use all of credits from Limited Credit products to meet the MDRT requirement.
- The 2011 commission requirement for the United States is USD 87,900. To qualify, the applicant must submit a minimum of USD 43,950 in commission from products listed in the Unlimited Credit category.

Example 1 - Eligible for MDRT membership

Applicant total Unlimited Credit	43,950
Applicant total Limited Credit	<u>100,000</u>
Total MDRT commission credit	143,950

Example 2 - NOT eligible for MDRT membership

Applicant total Unlimited Credit	43,949
Applicant total Limited Credit	<u>100,000</u>
Total MDRT commission credit	43,949

Please note:

- The 50 percent threshold applies regardless of whether commission or premium is used to qualify for membership.

2. ELIGIBLE COMMISSIONS, FEES

Production credit (for commissions) will be based on eligible commissions received during 2010. They may include either earned or advanced (annualized) commissions or both. Advanced (annualized) or earned commissions must be paid to the applicant in 2010 to be eligible for MDRT credit. Please note:

- Commissions paid on a levelized basis may be reported using the present value of up to the first five years' commission discounted at 10 percent per year, not to exceed 55 percent of first-year premium.
- Annualized commissions may be reported for credit if paid, but any chargeback of annualized commissions in a subsequent production year will result in a reduction of that year's production credit.
- If commissions are paid as earned, a policy effective in 2009 may result in production credit for 2010. The policy must be in force on December 31, 2009 but is not required to be in force as of December 31, 2010.
- Commission credit for pensions is based on the product used to fund the pension (life insurance, annuities, mutual funds, etc.) which determines whether it receives Unlimited or Limited Credit.
- Commissions that are part of a deferred compensation program may be claimed up front for MDRT credit, provided that they are not claimed again in later years.
- Life insurance policies that exceed the annual premium or target premium are eligible for credit. First year commission credit may be given in the Unlimited Credit category for the commission paid on the amount up to the annual/target premium. If the annual/target premium is exceeded, commission credit may be given in the Unlimited Credit category for the commission paid on the

- Override commissions, training allowances, bonuses and other sales or expense allowances do not qualify.
- Fees paid on the placement of a product are eligible for credit toward the commission requirement, as are asset management fees for mutual funds and wrap/asset management accounts. To be eligible, the fee must be paid by a company (see Item 11). Maintenance, service and other fees do not qualify. The type of product placed determines the type of credit the product receives (Unlimited or Limited).
- Financial Planning Fees/Fees for Advice are eligible for Limited Credit for the net fee paid to the agent/advisor. Fees must be documented by certifying letter signed by a company official, a broker dealer official, or a Certified Public Accountant (or equivalent).
- Group health insurance commissions are eligible in the first year of the policy only. Additions to the group policy in subsequent years are not eligible for credit.
- Single premium and/or short-term endowment commissions are only eligible in the first year of the policy. Short-term endowment riders (max 15 years) to life insurance policies are eligible for 100 percent of first-year commissions in the Unlimited Credit category.
- Long-term endowment commissions are only eligible in the first year of the policy. Long-term endowment riders (16 or more years) to life insurance policies are eligible for 100 percent of first-year commissions in the Unlimited Credit category.

3. ELIGIBLE PREMIUM

Production credit (for premium) will be based on eligible premium paid or new money invested during 2010. Please note:

- If commissions are paid as earned, premium credit should be given only for the amount of premium actually received during the production year.
- If commissions are annualized, the premium credit should also be annualized. Any chargeback of annualized commissions should result in a reduction of that year's premium credit also.
- A policy that becomes effective in 2009 may result in production credit for the amount of premium paid or new money invested during 2010.
- Life insurance policies that exceed the annual premium or target premium are eligible for credit. First year premium credit may be given in the Unlimited Credit category up to the amount of the annual/target premium. If the annual/target premium is exceeded, premium credit may be given in the Unlimited Credit category for 6 percent of the amount that exceeded the annual/target premium.
- Financial Planning Fees/Fees for Advice are eligible for Limited Credit for the gross fee paid to the company, broker dealer or individual agent/advisor. Fees must be documented by certifying letter signed by a company official, a broker dealer official, or a Certified Public Accountant (or equivalent).
- Group health insurance premium is eligible for credit in the first year of the policy only. Additions to the group policy in subsequent years are not eligible for credit.
- Single premium and/or short-term endowment premium is only eligible in the first year of the policy. Short-term endowment riders (max 15 years) to life insurance policies are eligible for 6 percent of first year premium credit.
- Long-term endowment premium is only eligible in the first year of the policy. Long-term endowment riders (16 or more years) to life insurance policies are eligible for 100 percent of first-year premium credit in the Unlimited Credit category.
- Premium credit for pensions is based on the product used to fund the pension (life insurance, annuities, mutual funds, etc.) which determines whether it receives Unlimited or Limited Credit.

A minimum of USD 43,950 of commission or USD 87,900 of premium (50 percent of the entry-level MDRT requirement) must come from products listed in the Unlimited Credit category before an applicant can use any credit from policies listed under the Limited Credit category. (See Item 4) All rules and regulations concerning MDRT members apply to the Court of the Table. 6. TOP OF THE TABLE

The production requirement to qualify for the 2011 Top of the Table is USD 527,400 of eligible commissions paid or USD 1,054,800 of eligible paid premium. 8. REPLACEMENTS

Credit for individual life insurance policies may be claimed only for the amount of first-year commissions or premium on the new policy that exceeds the first-year commissions or premium for the policy being replaced. If the amount is not known, then the amount of commissions being replaced shall be calculated by multiplying the current commission times the appropriate premium for the policy being replaced. Premium credit can be determined by subtracting the replaced premium from the new premium.

Conversion of a permanent product to a permanent product is to be treated as a replacement for MDRT purposes. This applies only to replacement of individual life insurance policies.

DEFINITIONS AND INTERPRETATIONS

- **Business Paid for and Underwritten**

Business to be credited shall be paid for during the MDRT qualification period (January 1 through December 31). Business shall be considered to have been paid for as of the date when the coverage first became fully effective with home office approval from the standpoint of payment of the claim (regardless of company practice or the distance between home and field office). However, no credit shall be allowed until the home office has finally accepted the premium and also until the first-year commissions have been paid or credited to the agent's account without any right reserved to the insurance company to recover same, except in case of recall under the contestable provisions of the contract.

On joint, partnership, corporate and/or brokerage business, MDRT credit shall be given for only that portion of the business on which the applicant has been compensated, either by first-year commission or the equivalent.

- **Eligible Commissions**

Included are only those eligible commissions paid or credited to an agent's account during the qualification period. See Items 2 & 4 for specifics.

- **Eligible Premium**

Included are only those eligible premiums paid or credited to an agent's account during the qualification period. See Items 3 & 4 for specifics.

- **Health Insurance**

Includes policies that relate to the health of the body. Dental, vision, etc., are eligible for credit. See Item 4 for specifics.

- **In Force Requirement**

Credited business shall include only business which has not been terminated on or before the last day of the MDRT qualification period (December 31) except for business terminated by death or term conversion. Does not apply to policies sold in 2009 and have commissions carrying over (as earned).

- **Levelized Commission**

A method whereby the first-year commission is paid over the first few years of the policy. (Example: Instead of paying a 50 percent first-year commission, a 10 percent commission is paid over five years.) See Item 2 for the formula used to calculate an equivalent first-year commission for MDRT credit.

- **MDRT Qualification Period**

The qualification period for which business will be credited shall consist of a period of 12 consecutive months or less proceeding the period for which MDRT membership is granted. Such consecutive months shall begin on or after January 1 and shall end on any selected date on or after October 31, but not later than December 31.

- **Policy and Case Definitions**

A policy shall be defined as an individual contract covering one or more lives as contrasted with a group policy, a pension, profit sharing trust or a salary savings plan. Under a qualified pension or profit sharing trust or a salary savings plan, each individual policy shall count as one (1) policy for the purpose of computing total eligible policies. For purposes of production, an employer-sponsored group life plan, franchise life plan and group annuity plan and mutual fund transaction with one (1) investor shall be considered one (1) case regardless of the number of lives or funds involved.

- **Securities**

Includes stocks, bonds or other equities. See Item 4 for specifics.
